Happy Birthday Babe Ray!!!!!!❤️ I love you as alwayssss <3. Thanks auntie for giving birth to you 🥳❤️. And sorry babe I can't accompany you on your birthday ;< I wish next year I can accompany you in real life on your birthday yeaaa!!

I don't know how to say it, but I've got a lot of things I want to say, hahahaha, and I think this is the best opportunity for me to do so.

Baby thanks for the princess treatments and the care in these 4 months. I always feel like I'm being babied when I am with you. Just like you always ask me "baby ok ma" when we are in car, sense my emotion when i am randomly silent, and remember every detail of me and every thing we did together, I can feel you did cherish the moments we spent together. Thanks for keeping our arguments and lessons in mind and making changes for a better us. And I will also try my best to control my emotions and not to piss you off yea. Thanks baby for trying to save our relationship and didn't give up us hehe. Honestly you make me feel like I can totally rely on you. And babe thanks for settling everything before I worried about them. Baby I'm so glad I have you.

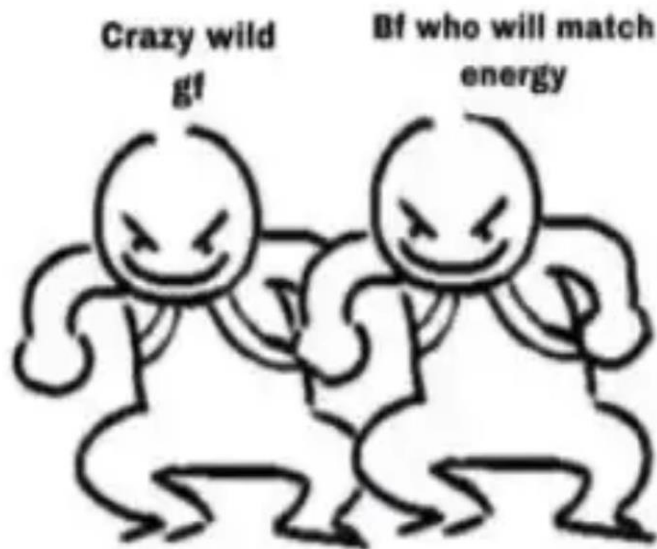

Aiyo I think I'm my babe's biggest fan leh. I can tell he is very very very very perfect in my eyes. My baby is so talented, he did well every time and he looks so handsome in every second of the day. That's why I always stare at him I think hahaha. Hard to remove my sights from him ah 🥰. Baby also always gives me butterflies XD He so damn attractive when he is driving and studying 😊 but babe driving and study need focus, I cannot be a touchy touchy gf huhu :3

I never thought that I would meet a guy who is so matchy for me. I also never thought that you would like me back and become my bf. You're so so so so special to me. Even we are in long distancing, I will still smile like an idiot when I get a text from you XD. Babe I think I'm too in love with you already. You are the only one I'm so damn afraid of losing and the only one I wanna keep in my life forever.

I feel so comfortable around you that I can just be myself and do what I want to as well as say what I want to. I am so glad to have you baby. I'm showing you the real me and I hope you do too. Probably it's also one of the reasons I'm afraid to lose you, I think that it's impossible to meet guy who is better than you already. You mean so much to me and I can't imagine my life without you already. You become parts of my life and my soul already XD.

And also im sorry babe. I always get so jealous. I did not mean to do it babe. It is just hard to control my jealousy. It's not your fault and it is not even the "girl"'s fault. You and she didn't do anything wrong or bad but I was still felt sad and even mad. So sorry to be so unconfident, maybe I'm too afraid to lose you baby. Huhu sorry babe. I promise I will become more confident and better okie :(

Ok so in short, I just want you to know that I really love you every day, every hour, every minute and every second ok. I want you to be safe and happy every day. You make me really happy and I won't let you go. I will do everything I can to make you as happy as you make me. Anything just tell me and I will try my best to heal you and you need to know that I will always be by your side. Happy birthday and enjoy ur birthday babe♥

^idk I should put more red heart or not 🤔 I think put less heart can show more sincerity kan babe hahaha♥♥♥♥🥰🥰🥰
